

Acamar 20.000 mAh 70W recycled aluminium laptop power bank

SKU: TP2124440

Categorie: Technology

Stay powered on the go with the Acamar 20.000 mAh power bank, crafted from recycled aluminium. Designed for versatility, it features two high-speed 70W Type-C ports and two 18W USB-A ports—making it perfect for charging most laptops, tablets, and smartphones. The built-in display shows real-time power information, including charging percentage and power delivery data. A 70W Type-C cable is included, so you're ready to charge your devices or recharge the power bank right out of the box.
