

Adhil 10.000 mAh 10W recycled plastic power bank with 2 built-in cables

SKU: TP2124459

Categorie: Technology

The Adhil 10.000 mAh Power Bank made from recycled plastic combines style and convenience in a compact design. It features two built-in cables, a Type-C and a Lightning/microUSB combo, alongside two USB-A outputs and a Type-C in/out port for versatile charging. An LED indicator shows the charging status, making it a reliable on-the-go power solution.
