

AdHoc PushPull Corkscrew

SKU: TP1RBKU50

Category: Home and kitchen

Open every bottle with ease and elegance with the AdHoc PushPull corkscrew — a perfect blend of smart engineering and sleek design. Crafted from high-quality stainless steel, this compact tool effortlessly removes all types of corks in a smooth, upright motion — no pulling, no twisting, no hassle. Thanks to its innovative mechanism, the bottle remains stable while the cork is lifted vertically and cleanly, ensuring a controlled and effortless experience every time. The integrated foil cutter neatly folds out when needed, adding extra convenience without compromising the minimalist design. Sleek, compact, and highly functional, the PushPull corkscrew is a standout addition to any kitchen drawer — designed for those who appreciate precision, simplicity, and style.
