The Altair 5000 mAh solar power bank, made from recycled plastic, is built for durability and convenience. It offers two USB-A output ports and a Type-C input/output port for flexible charging options. Designed with a rugged exterior, it features a removable clip for easy attachment, a built-in torch, and connectors securely stored behind a silicone cap. With solar charging capability and an LED indicator to show charging status, this power bank is the ideal companion for outdoor adventures.
