Anker ACE Charger EU 45W

SKU: TP1RBA2643G11
Categorie: Technology

The Anker Charger (Ace, 45W) with EU connector delivers powerful, high-speed charging in a compact, travel-ready design. With up to 45W output and support for Samsung Super Fast Charging 2.0 (PPS), it can charge compatible Galaxy devices to over 50% in under an hour. Despite its strong performance, the charger is lightweight and around 30% smaller than typical 45W adapters. Built with GaN technology for efficient power delivery and equipped with Anker's MultiProtect safety system, it ensures reliable charging for a wide range of USB-C devices—from smartphones and tablets to laptops and handheld gaming consoles. Designed for daily use the Anker Charger combines speed, safety, and convenience in one compact EU-ready solution.
