

Anker MagGo QI2 magnetic powerbank 10.000 mah

SKU: TP1RBA1654G11

Categorie: Technology

The Anker MagGo Powerbank (10,000mAh, 15W) combines powerful magnetic wireless charging with ultimate convenience. Designed for MagSafe-compatible iPhones, it delivers fast 15W Qi2 wireless charging with a strong, secure magnetic hold—even through cases. The built-in foldable stand lets you charge and view your phone hands-free, perfect for video calls or streaming. A clear smart display shows battery and charging status at a glance, while Anker's advanced ActiveShield technology keeps charging safe and efficient. Sleek, portable, and feature-packed, it's the perfect powerbank for fast, effortless charging on the go.
