Aqua 15" GRS recycled water resistant laptop backpack 21L

SKU: TP2130043

Category: Bags and travel

Water-resistant laptop backpack made from GRS certified recycled materials, including the zips. It features a padded 15" laptop compartment with side opening for quick access, multiple mesh pockets, zipped front pocket, and reflective piping for visibility. The moulded and padded backing and adjustable chest strap makes it comfortable to carry around even when fully loaded. The GRS recycled materials include the main fabric, lining, webbing, and zips. Capacity: 21 litres. PVC free.
