

Bamboo X double speaker

SKU: TP1P328.119

Categorie: Technology

Natural sound from a natural speaker. This sustainable speaker combines an amazing sound experience with a stylish design made from durable and responsible materials. The casing is made out of durable bamboo and fabric made from a blend of 30% Organic cotton, Hemp 40% and 30% recycled PET. The 10W speaker uses high quality components to guarantee longevity. The 2.200 mAh battery will play up to 6 hours on one single charge. It uses BT 4.2 for a super smooth connection and has an operating distance up to 10 metres. Registered design® Packed in 100% plastic free packaging.
