Black+Blum 16L Insulated Tote/ Cooler Bag

SKU: TP1P439.1934

Categorie: Bags and travel

Disponibilitate: În stoc (91)

This spacious 16L bag is designed to handle anything your day brings. With an insulated inner compartment, it keeps cold or wet items separate—perfect for a beach trip, a picnic in the park, or even an overnight stay. The bag is made from fabric using 13 recycled plastic bottles and features reinforced stitching and an extra-wide, comfortable shoulder strap, making it strong enough for heavy groceries or a few bottles of wine. It's 100% leakproof thanks to welded seams and a sealed zip, and it's both sturdy and versatile. Available in four colours, it also pairs perfectly with a matching lunch bag. The interior includes a split compartment to separate cool or damp contents, and there's an inner pocket for easy access to your essentials. A water-resistant reinforced base ensures durability on any surface, while the water-repellent insulated lining is easy to wipe clean. It even fits laptops up to 40 cm.
