Brite-Americano® POP 350 ml insulated tumbler

SKU: TP2210780

Category: Drinkware

The Brite-Americano® POP tumbler contains 47% recycled Prevented Ocean Plastic. Thanks to a world first in recycling, single-use PP cups can now be collected and mechanically recycled into new food-safe products, just like this one! In fact, this tumbler transforms 20 single-use plastic cups into a drinkware item that can be used over and over again – and then recycled again! Crafted for everyday durability and style, this double-wall insulated tumbler features a secure twist-on lid and a generous 350 ml capacity – ideal for both hot and cold drinks. The full-colour wraparound design is moulded directly into the product, ensuring a vibrant, long-lasting finish that won't fade or peel over time. The tumbler is BPA-free and fully recyclable. Tested to EN12875-1 standards, it is both dishwasher safe and microwave safe, offering convenience without compromising on quality. A practical, reusable solution for daily use at home, in the office, or on the go. Made in the UK. For a shorter lead time, choose the full-colour digital print option on the Brite-Americano® POP 350 ml insulated tumbler.
