Cannes 200 g/m2 recycled shopper tote bag 10L

SKU: TP2120696

Categorie: Bags and travel

This large capacity tote bag is made with the finest, 100% recycled materials. It is constructed to use in everyday life, and suitable to carry around heavy books or groceries. The 200 g/m² recycled cotton/polyester blend ensures durability and reliability, giving the bag a resistance of up to 14kg weight. The yarns originate in Asia, but the weaving, spinning and manufacturing is all done in France.
