

Funi recycled plastic smartphone lanyard with built-in data sync and 100W fast charge 5-in-1 cable

SKU: TP2124453

Categorie: Technology

The Funi is a stylish and practical lanyard made from recycled plastic. It features a built-in 100W fast charge and data sync 5-in-1 cable with Type-C and USB-A input connectors, and Type-C, Lightning, and microUSB output. This cable is powerful enough to quickly charge most laptops, tablets and smartphones. Compatible with CarPlay and Android Auto, making it perfect for travel, work, or everyday use.
