Herschel City recycled backpack 16L

SKU: TP2120753

Categorie: Bags and travel

This streamlined backpack has the pockets to organise work tools and a sleek profile that moves effortlessly through busy sidewalks and crowded subways. The backpack is crafted from EcoSystem™ 600D fabric and liner, both made from 100% recycled post-consumer water bottles. Featuring a padded floating sleeve that fits a 13"/14" laptop, a strap with magnetic closure and metal pin buckle, EVA-padded shoulder straps, a front sleeve pocket, and a water bottle pocket that expands to fit different sizes. Volume capacity: 16 litres.
