

Horna 3W recycled plastic magnetic wireless speaker

SKU: TP2124452

Category: Technology

Enjoy music wherever you go with the Horna 3W magnetic wireless speaker, made from recycled plastic. This compact speaker features a built-in magnet that attaches securely to flat metal surfaces or the back of iPhones 12 and newer. For other wireless charging enabled smartphones without a magnetic function, simply use the included metal ring sticker. Connect effortlessly via Bluetooth® and enjoy high-quality sound on the move.
