

IQONIQ Odin recycled polyester urban jacket

SKU: TP1T9703.002.XXL

Categorie: Clothing

Unisex urban jacket made from 100% recycled polyester, with RTPU membrane (GRS certified). This jacket was designed for casual chic wear. CF zip is made from nickel-free metal with a premium metal puller and cord filling along the zip length, two welt pockets at sides with hidden snap closure, collar in self-fabric, sleeve and bottom hem with elastic rib for soft touch. Jacket is lined and has hidden zip at bottom hem and left wearer's chest for easy decoration. Full garment is stitched with recycled polyester sewing thread. At back neck there is a tear-off size label with 1 piece iqonIQ craft hangtag, care label at the left inside side seam. The use of genuine recycled fabric material and environmental impact claims are guaranteed, by using the AWARE™ disruptive physical tracer and blockchain technology. By scanning the QR code, you will gain access to a dedicated digital passport.
