This unisex relaxed fit hoodie has dropped shoulders and wider long sleeve, a double-layered hood and 2x2 rib bottom hem and cuffs. The trimmings in tonal colour and the small IQONIQ label in the side seam are nice finishing details. The composition is 100% cotton, of which 50% is recycled and 50% organic, in 340 G/M². No mix with plastics (such as polyester), so after life is recyclable into new cotton products. The inside is soft-brushed fleece for extra comfort. The use of genuine recycled & organic fabric materials and environmental impact claims are guaranteed, by using the AWARE™ disruptive physical tracer and blockchain technology. Every IQONIQ product has a unique QR label. By scanning this QR, you will gain access to a dedicated digital passport of the product. 2% of proceeds of each product sold will be donated to Water.org. Due to the nature of recycled yarns, impurities and colour variations may appear.
