KENTO URBAN RCS recycled nylon 15.6 inch Messenger

SKU: TP1P732.1425

Category: Bags and travel

The KENTO Urban Messenger bag combines urban lifestyle with functional modern design. Lightweight and practical, it is built for everyday movement in the city. The main material is RCS-certified recycled nylon with a PU backing, complemented by an RCS-certified recycled polyester 300T lining. With 52% certified recycled material, it offers a responsible and durable solution. The bag features a front zipper pocket and a structured front flap secured with two adjustable buckles for added protection and style. The main zipper compartment offers space for a 15.6" laptop sleeve, keeping essentials organised and secure. The adjustable 125 cm shoulder strap ensures comfortable carrying throughout the day. A modern, versatile messenger bag designed for work, commuting, and life on the go.
