

Kooduu Fokus portable lamp

SKU: TP2124455

Category: Home and kitchen

The Kooduu Fokus is a stylish, rechargeable table lamp designed to provide direct, focused light that's dimmable to suit your needs. Ideal for studying or working, it also creates the right atmosphere for more relaxed activities such as journaling, doodling, or reading. The 0-100% stepless dimmer allows you to adjust the brightness to your preference, while the warm 2700K colour temperature ensures a comfortable lighting experience. With an 83-lumen output, it offers effective task lighting without being harsh. The built-in 4000 mAh rechargeable battery provides up to 40 hours of use, and the included USB charging dock adds further convenience.
