

Kuma bamboo/RCS recycled plastic torch with carabiner

SKU: TP2104570

Categorie: Car tools and accessories

The Kuma torch with carabiner is crafted from certified bamboo and 41% RCS certified recycled plastic, making it a more sustainable choice for exploring the outdoors, tackling DIY projects, or navigating power outages. Featuring a powerful 3W COB light source available in 3 different light modes, the Kuma produces 80 lumens of light with a beam distance of up to 100 meters when fully charged. Equipped with a high-capacity 1200 mAh Li-ion 18650 battery, the torch ensures longevity and reliability, producing 3.5-4.5 hours of continuous illumination on a single charge. The included aluminium carabiner allows for easy attachment to backpacks, belts, or gear, making it a trusty companion for camping or hiking. Since bamboo is a natural product, there may be slight variations in colour and size per item, which may affect the final printing outcome. Delivered with a 30 cm TPE Type-C charging cable, and packed in a STAC gift box from sustainable sources.
