Libra 17" GRS recycled carry-on backpack 25L

SKU: TP2130111

Category: Bags and travel

Made from GRS certified recycled polyester with an RPET lining, the Libra 17" carry-on backpack is designed to comply with airline cabin luggage requirements, making it an ideal travel companion. It includes a dedicated laptop compartment for devices up to 17", a spacious main section with elastic straps and mesh dividers to keep belongings secure and organised, and two large front zippered pockets for easy access to essentials. For comfort and convenience, the backpack features a breathable back panel, a trolley strap, adjustable shoulder straps with a cross-chest strap, and both top and side handles for versatile carrying options. Suitable for business trips, remote work, or weekend travel, this backpack combines a sleek design with practical functionality for life on the move.
