Mepal Ellipse 3-piece 500 ml + 2 x 200 ml insulated lunch pot

SKU: TP2113143

Category: Home and kitchen

The Ellipse 3-piece lunch pot features three separate compartments to keep ingredients neatly separated. Each container has its own lid, preventing flavours and textures from mixing until you're ready to eat. It keeps food warm for 6-8 hours or cold for up to 12 hours. The two top transparent containers each hold 200 ml, while the bottom container has a 500 ml capacity. Made from durable materials, the exterior stays cool and dry to the touch. Hand washing is recommended; the plastic lid components are dishwasher safe. BPA-free.
