

Mesh GRS recycled tote bag 23L

SKU: TP2130138

Categorie: Bags and travel

Crafted from recycled polyester mesh, this spacious 23-litre tote bag offers a more sustainable choice without compromising on practicality. It features a secure zipped main compartment, a front pocket and two side pockets to keep essentials organised, while the smooth carry handles (30 cm dropdown length) ensure comfortable use. The transparent mesh construction delivers a clean, contemporary look and allows easy visibility of contents - ideal for work, travel, gym sessions or events with clear-bag policies. Resistance up to 15 kg.
