

Opal 6 panel 240 g/m2 Aware™ recycled cap

SKU: TP237542550

Category: Clothing

The Opal 6 panel cap is made from 70% recycled cotton and 30% recycled polyester. It is designed for a comfortable fit with a head circumference of 58 cm, and the metal buckle closure allows for easy, secure adjustments. The cap incorporates Cyclo® recycled fibres where they use pre-sorted waste that determines the colour of the yarn. These fibres do not only reduce the demand for virgin resources but also exhibit a commitment to a circular life, embodying the essence of reducing waste and promoting a closed-loop system. Each cap also comes with an Aware™ tracer. This innovative feature allows users to trace the origins and journey of their item through a QR code, enhancing transparency in the supply chain and fostering a stronger connection between the product and its production process.
