

Prixton SWB32 Alexa smartwatch

SKU: TP22PA18090

Categorie: Technology

The Alexa SWB32 smartwatch has an AMOLED screen providing unbeatable colour quality. It has a 1GB flash memory to store routes, favourite songs, and other data. Additionally, with its TWS technology it can be connected directly to wireless headphones or speakers. The smartwatch offers different functions to measure daily physical activity and has a rigorous multisport mode that accurately measure up to 100 different activities. It also integrates the Alexa voice assistant, with which you can access information and control functions.
