

Quantum RCS ultra-fast 10.000mAh magnetic 25W powerbank

SKU: TP1P322.9302

Category: Technology

Experience ultra-fast 25W magnetic wireless charging wherever you go with the Quantum RCS 10.000mAh Power Bank, designed for portability and powerful daily use. The A-grade, tested battery keeps your devices charged throughout the day, while the magnetic wireless function ensures a secure and efficient connection for fast charging. Its advanced system supports both wired 30W ultra-fast USB-C output and 25W magnetic wireless charging, with built-in safety and temperature protection ensuring reliable performance at home, at work, or during travel. It is suitable to carry on board an airplane, adding to its travel-friendly design. Made from RCS certified recycled aluminium, recycled ABS, and recycled PC. RCS (Recycled Claim Standard) verifies the recycled content throughout the supply chain. Total recycled content: 37% based on total item weight. The item and accessories are PVC-free and packed in FSC® mix kraft packaging.
