

RescueWave RCS recycled plastic emergency radio

SKU: TP1P326.4301

Categorie: Technology

Disponibilitate: În stoc (0)

Stay prepared for any situation with RescueWave, a versatile emergency radio designed to keep you connected and powered. Featuring AM/FM radio, solar panel, an integrated 1W torch, USB output and USB C input, this compact device ensures you're equipped for unexpected moments. With a built-in 1800mAh battery, RescueWave can charge your phone, providing crucial power when you need it most. The hand crank mechanism offers dependable functionality—just 1 minute of cranking supports 5 minutes of radio or 30 minutes of torchlight, making it an essential tool for emergencies. When fully charged the radio will operate up to 15 hours of radio broadcast or 8 hours of torch light. Made out of RCS certified recycled materials, including recycled ABS plastic. RCS (Recycled Claim Standard) is a standard to verify the recycled content of a product throughout the whole supply chain. Total recycled content: 38% based on total item weight. Item and accessories are PVC-free and packed in FSC® packaging.
