

Roam GRS recycled modular backpack

SKU: TP2120714

Categorie: Bags and travel

The Roam modular backpack is the ultimate companion for urban exploration and outdoor adventures. It easily transforms from 20L to 30L, and up to 39L by adding accessories such as the Roam sling bag and Roam toiletry bag. Functionality and organisation include side straps to expand capacity, padded back panel and shoulder straps, water bottle pockets, detachable organiser panel for laptop and smaller items, and a detachable waterproof pouch. Made with high quality GRS certified recycled polyester, and designed for the modern-day adventurer, the Roam modular backpack combines durability, functionality and style.
