

Roam GRS recycled modular toiletry bag

SKU: TP2120716

Categorie: Personal care and lifestyle

The Roam modular toiletry bag is the ultimate companion for urban exploration and outdoor adventures. This toiletry bag holds a main compartment with zippered pocket, mesh compartments for smaller items, and a hook to hang and access the bag in a convenient way. This bag can also be transformed into a crossbody bag with the adjustable strap that is included. Made with high quality GRS certified recycled polyester, and designed for the modern-day adventurer, the Roam modular toiletry bag combines durability, functionality and style. It is great to use on its own, but it's also very compatible to combine with and attach to the Roam modular backpack.
