Rover 24" GRS recycled expandable trolley 70L

SKU: TP2130097

Categorie: Bags and travel

Constructed from impact-resistant recycled plastic with an RPET lining, the Rover 24" expandable trolley is designed for modern explorers who value durability and smart design. Offering a generous 70L capacity with expandable storage for those just-in-case extras, it's ideal for longer journeys. This GRS certified trolley (including certified printing) features a double-tube aluminium frame and 360-degree 4-wheel spinner system for effortless mobility. An integrated TSA combination lock provides added security, while the easy-grab handle ensures comfort on the move. Inside, compression straps and zipped compartments keep your belongings neatly organised throughout your trip.
