

SCX.design C33 60W Type-C charging cable with dual light-up logo

SKU: TP22PX213

Category: Technology

This 1-metre 60W charging cable features a stylish rubber and metal finish, cords made from recycled plastic bottles, and dual illuminated logos – each customisable and optionally different. Equipped with three connectors (2 × Type-C and 1 × Lightning), it can charge two or three devices simultaneously. Its dual USB-A and USB-C input ensures full compatibility with the latest computers, including USB-C models. The cable includes double-sided customisation and comes packaged in a recyclable TPU sleeve with a recycled paper backing card.
