

SCX.design C34 7-in-1 smartwatch charging cable

SKU: TP22PX214

Category: Technology

This 7-in-1 charging cable is specially designed for smartwatches and features five output connectors: Lightning, Type-C, Apple Watch, Samsung Watch, and a Garmin connector. It includes dual input options (USB-A and USB-C) for full compatibility with the latest USB-C devices and computers. The cords are made from recycled plastic bottles, and the cable can charge two or three devices simultaneously. Supplied with front customisation and packaged in a recyclable TPU sleeve with a recycled paper backing card.
