

SCX.design C59 100W magnetic silicone charging cable

SKU: TP22PX215

Category: Technology

Ultra fast 100W magnetic charging cable that powers smartphones, tablets, and laptops. The 1-metre flat cable features Type-C and Lightning connectors, cords made from recycled silicone, and durable zinc alloy end caps. With dual USB-A and USB-C input, it ensures 100% compatibility with the latest computer models. Fully compatible with Apple CarPlay and Android Auto. Customisation is available via laser engraving on the zinc end cap. Supplied in a recyclable TPU pouch with a recycled paper insert.
