Stanley Classic Wellspring 710 ml recycled stainless steel insulated water bottle

SKU: TP210098090

Category: Drinkware

The 710 ml Classic Wellspring water bottle, made from recycled stainless steel, combines functionality with a modern aesthetic to suit a contemporary lifestyle. The push-button lid with a metal clasp allows easy opening, while the quick-flip design ensures a smooth, fast water flow for convenient drinking. Leakproof and durable, it is ideal for commuting, weekend outings and everyday hydration, while the double-wall vacuum insulation helps maintain your drink's temperature.

This item can only be ordered with print (samples can still be ordered blank).
