The Swiss Peak RCS Recycled Polyester 15W Magnetic Charging Laptop Sleeve, designed to fit 14-15.6" laptops, combines style, functionality, and sustainability. Use it to carry your laptop anywhere you go and when you arrive at your destination turn it into a work station. Made with RCS (Recycled Claim Standard) certified recycled polyester, the total recycled content is 6% based on the total item weight. This sleek sleeve features a magnetic closure and offers wireless 15W magnetic charging capabilities to keep your devices powered up on the go. It provides a perfect balance of protection and portability. The sleeve comes with a 120cm black RCS Type-C RTPE cable for convenient connectivity and requires a minimum input of 9V/2A. The product is packaged in a black Swiss Peak plastic-free FSC box. Item and accessories PVC free.
