

Trace 500 g/m² Aware™ recycled toiletry organiser

SKU: TP212074601

Category: Personal care and lifestyle

Toiletry organiser made of 500 g/m² recycled cotton and recycled polyester, featuring a spacious main compartment with a secure zipper closure and multiple interior slip pockets, making it ideal for storing toiletry essentials. Its versatile design is also well-suited for organising small items like socks or chargers, keeping luggage neatly arranged. The bag incorporates Cyclo® recycled fibres where they use pre-sorted waste that determines the colour of the yarn. These fibres do not only reduce the demand for virgin resources but also exhibit a commitment to a circular life, embodying the essence of reducing waste and promoting a closed-loop system. Each bag also comes with an Aware™ tracer. This innovative feature allows users to trace the origins and journey of their item through a QR code, enhancing transparency in the supply chain and fostering a stronger connection between the product and its production process.
