TrimBlade re-chargeable Travel Shaver IPX7

SKU: TP1P457.0601

Category: Personal care and lifestyle

TrimBlade is a portable rechargeable shaver designed for effortless grooming wherever you are. Compact and easy to carry, it delivers reliable performance with up to 2 hours of operating time on a single charge, giving you plenty of power for daily use or travel. TrimBlade is suitable for both dry and wet shaving, allowing you to groom comfortably whether you prefer a quick dry shave or a refreshing wet routine. Equipped with two durable stainless steel blades, it delivers a precise and smooth shave and can easily be rinsed clean under running water for simple maintenance. The integrated display keeps you informed about battery status and usage, while the built-in travel lock prevents accidental activation when stored in your bag or luggage. Designed for convenience, TrimBlade is easy to maintain, ensuring long-lasting performance and hygienic use wherever your day takes you. Item and accessories are PVC free.
