The new Urban anti-theft backpack stands as the ideal travel companion, ensuring security and convenience. By rolling up the main compartment and securing it with the reinforced combination lock, the backpack offers complete closure, which can also be used to lock the bag around a fixed object. Hidden pockets on the back. The bag is equipped with a side water bottle pocket. Internally, padded compartments cater to a 16" laptop and mesh pockets provide organisation for your essentials. Crafted with Aware™ traceable recycled polyester and finished with a soft touch water resistant PU coating. 11% recycled content. Registered design®
