

Urban Water Resistant Bike Backpack

SKU: TP1P706.3101

Categorie: Bags and travel

Disponibilitate: În stoc (4066)

Urban Water Resistant Bike backpack stands as the ideal travel companion, ensuring security and convenience. By rolling up the main compartment and securing it with the reinforced combination lock, the backpack offers complete closure, which can also be used to lock the bag around a fixed object. The backpack easily attaches to your bike frame. Inside, padded compartments accommodate a 16" laptop, while mesh pockets keep your essentials organised. The minimalist exterior is crafted from high-quality, water-resistant, and durable PU material, while the lining is crafted with AWARE™, the use of genuine recycled fabric is guaranteed. 32% recycled content. Registered design®
