

Versatile 5-1 recycled aluminium charging cable

SKU: TP2124386

Category: Technology

This cable features a USB-A and a Type-C input connector combined with a Type-C, a Micro USB and a Lightning/Micro USB combi output connector. Thanks to all these connectors you can charge most iOS/Android smartphones, cameras, power banks, and earbuds. The cable length is 100 cm and is made from recycled aluminium and RPET.
