

VINGA Lean Glass Water Bottle

SKU: TP150961

Categorie: Drinkware

A neat waterbottle in glass with a silicon sleeve. The sleeve gives you a nice grip and protects the bottle from outer impact. Simple and stylish design. The bottle is made with borosilicate glass, a type of glass that is more resistant to thermal shock than ordinary glass. Borosilicate is a highly durable and qualitative material that lasts and withstands most impacts.
