

VINGA Monte heritage cocotte 4 L

SKU: TP1V26150

Categorie: Home and kitchen

Experience the Monte Heritage Series' Cast Iron cocotte, a timeless addition to your kitchen. Crafted from solid cast iron and coated with enamel in sober colours. With its French bistro-feel and brass-coloured knob, it adds a touch of sophistication to any culinary space. Designed for secure handling, the pot features sturdy handles, ensuring safe and comfortable maneuvering. The slightly more textured interior gradually develops a non-stick patina, simplifying cleaning and enhancing cooking performance. Thanks to cast iron's excellent heating properties, this pot is perfect for slow cooking and simmering. Compatible with all hob types, including induction, the Monte Heritage pot offers versatility for various cooking methods. A cast iron cocotte, if properly taken care of, will last for many years and can be handed down through generations.
