Experience the essence of the Nordic landscape with this candle and diffuser set. A stylish gift for all senses, with a fragrance carefully crafted with inspiration from the Nordic mountains. Create a calming atmosphere in the office or at home. The candle is made from 100% soy wax and has a burn time of approximately 20 hours. Once the candle has burned out, the glass container can be reused as a tealight holder or for small essentials. The diffuser sticks can preferably be used a couple at a time.
