

Wireless charging desk pad

SKU: TP331499

Category: Technology

Eco bamboo desk organizer with smartphone holder, wireless charger, USB charging cable, and a storage compartment for office supplies. The wireless charging function works only when connected to a power source, so the USB cable must be plugged into a laptop or a wall adapter. Input:DC5V/1.5A Output:DC5V 1A. Due to the natural material, variations in color and grain may occur between products, which may affect the final appearance of branding.
