Xtorm 65W fast travel charger with cable and travel case set

SKU: TP2124600

Category: Technology

This compact 65W fast travel charger features advanced GaN³ Ultra technology, making it 57% smaller than previous models while still powerful enough to fast-charge laptops, tablets and smartphones via the 65W USB-C PD port. A 27W USB-A QC 4.0 port allows you to charge accessories at the same time (45W + 12W when used simultaneously). The bundle includes interchangeable US, UK, EU and AU/NZ plugs, a 1-metre 100W USB-C PD cable and a handy travel case, making it ideal for worldwide use. With 6-layer safety protection and a housing made from 97% recycled plastic, it provides safe, durable and reliable charging wherever you travel.
