Xtorm Go2 15W 5000 mAh wireless power bank

SKU: TP2124602

Category: Technology

The Xtorm Go2 magnetic power bank (5000 mAh) provides your smartphone with up to one extra full charge, featuring strong magnetic snap-on wireless charging of up to 15W. Its ultra-slim 13mm design and lightweight 121g build make it ideal for everyday use, travel or festivals. With Xtorm's 6-layer safety protection, it offers reliable and airplane-safe charging, while delivering a quick power boost of up to 24% in just 30 minutes. The power bank fully recharges in around two hours via USB-C PD and also supports pass-through charging, allowing you to power your phone while the power bank itself is recharging.
