

Xtorm XG2S101 Go2 10.000 mAh 15W solar power bank with light

SKU: TP2124479

Categorie: Technology

This Xtorm power bank has a 10.000 mAh capacity, allowing you to fully charge your smartphone up to two times. With Xtorm's 15W Fast Charge technology, you can quickly power up multiple devices using the USB-A and USB-C ports. Designed for travel, it's airport-proof and built to last, making it the best choice for quality and durability. The power bank also features a built-in 1.0W solar panel, integrated lamp, and carabiner for on-the-go convenience.
