

Xtorm XG2SL025 Go2 SlimLine 25W charger

SKU: TP2124475

Categorie: Technology

The 25W SlimLine charger is a compact, high-quality adapter designed for convenience at home or on the go. Measuring just 1.5 cm thin, its ultra-slim, space-saving profile makes it easy to carry and perfect for travel. Despite its small size, it delivers powerful performance with both a USB-A and USB-C port, allowing you to fast-charge multiple devices simultaneously. Supporting Xtorm 33W Super Charge and PPS technology, it ensures efficient and safe charging across a wide range of devices. With an automatic standby safety feature for added peace of mind, the SlimLine Charger combines reliability, speed, and portability in one sleek design. Made of 97% GRS certified recycled plastic.
